Doug,

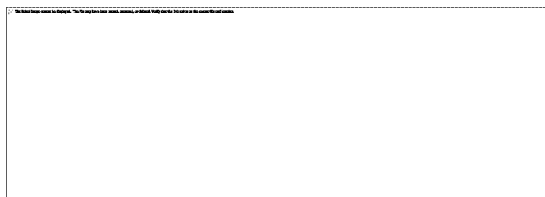

May I make an introduction? Brian Fakharzadeh is the VP of Development and Operations at Western Energy Alliance, working closely with Kathleen Sgamma, who you have met with. As one of the many great things that Brian does, he is busy putting together the lineup of speakers for this year's Annual Conference, taking place in Beaver Creek August 8-9. I suggested that you would be a great speaker for this year's conference if available, and wanted to get Brian in touch with you to talk details.

I know you still need to check out your calendar. If you and Brian can work out details, I think it would be wonderful to have you at the conference this year.

Brian, he's all yours.

Best,  
-Theresa
